Hey all, happy new year!
flying back to NJ Friday is day 1 of 17.
I haven't seen Blake in person since this safety letter /
accusation. Feeling all sorts of things. She used the
claim/ letter to gain power over the whole production.
Trying to find my balance of captaining a ship and leading
it while it's being held hostage. How to give her most of
what she wants while Maintaining some of my own vision.
And starting Friday- acting and working with this person
who can and will use anything she can against me. It's all
scary- yet I know I have protection.

Starting this thread again as I will need the emotional /
spiritual support.

Love you all

So much love coming your way, brother. Your surrender to the Greater Will at work and the light and mercy hidden within these many tests is inspiring. You're not alone, you're seen, and you are valued. ♥
